Now you can watch TV from your Google Chrome browser.

Install the extension from the following address:
https://chrome.google.com/webstore/detail/hcnjanfblkkfkcbagoogelfokjllglgm

This extension uses the VLC Mozilla plugin (click here to access the installation procedure).

You can now create bookmarks 
that will provide you direct access to your favorite channels.

To do this, click on the icon Configuration : 
.

Select the shortcut icon of your choice, then select a string in the dropdown menus.

Save your choice 
. Repeat this for each shortcuts then exit using the button.
